SKILLS

PROGRAMMING LANGUAGES

- Java
- ECMAScript
- Typescript
- SQL
- HTML5
- CSS3

TECH STACK

- Java SE
- Java EE(GlassFish, Tomcat, Jetty)
- Native Hibernate, JPA
- Spring, Spring Boot
- MongoDB, MySQL, PostgreSQL, Redis
- Angular
- React
- Postman
- JQuery, Bootstrap, Tailwind CSS
- NodeJS
- Java FX
- Git, GitHub
- Maven
- InteliJ IDEA & VScode
- GCP , GitHub Action

SOFT

- Teamwork
- Conceptual and analytical skills
- Punctuality and Adaptability
- Fast learner

CHATHURA MADHUSANKA

FULL STACK SOFTWARE DEVELOPER

CAREER OBJECTIVE

As a Software Developer, to serve the organization with challenging tasks, and to work smart with full determination and dedication in order to achieve the organizational goals, where I can acquire programming skills and knowledge about the technologies.

EXPERIENCE

FULL STACK SOFTWARE DEVELOPER | TRAINEE

Institute of Software Engineering | May 2022 - Present

- **Simple ORM** </>

An Object Relational Mapping Framework designed using Java Annotations and Reflection API for mapping an object-oriented domain model to a relational database.

Java Reflection API | Java annotations

- **Library Management System-Web Application** </>

A management system for a library that allows the administration to manage members and books by registering the members and books and also handling issuing and returning books to the relevant members.

Java | HTML 5 | CSS 3 | ECMA Script | Tomcat servlet | MySQL | GCP | GitHub Action

- **Mini-Chat Application-Desktop Application** </>

An application designed to communicate between the same network.

Java Networking API | JavaFX

AUTOMATION ENGINEER

Bondville (Pvt) Ltd | March 2021 - May 2022

- Machine Designing (SOLIDWORKS)
- PLC and HMI Programming
- Electrical and Electronics Control System Designing

MECHANICAL ENGINEER | TRAINEE

Bodyline (Pvt) Ltd | Feb 2019 - May 2019

Covered areas:

- PLC Programming
- Raspberry Pi Programming
- Ansys Simulations
- Solidworks Designs
- Machine Designs

Sri Lanka Air Force (ASW unit) | Nov 2017 - Jan 2018

Covered areas:

- Aircraft Engine Overhauling
- Workshop Training
- Human resource management

EDUCATION QUALIFICATIONS

B.Sc. Engineering Degree in Mechanical Engineering University of Peradeniya 2015-2020

G.C.E Advanced Level Examination 2014

Passed with one A and two B's with a Z score: 1.9234.

Artificial Intelligence

Followed a online course ; CS50's Introduction to Artificial Intelligence with Python which was offered by Harvard University in 2020.

PERSONAL PROFILE

Full Name : Sapugoda Liyanage Chathura Madhusanka
Date of Birth : 11th August 1994
N.I.C. No : 199422400031
Gender : Male

UNDERGRADUATE PROJECTS

MACHINE LEARNING PROJECTS

Prediction of Heart Disease Risk based on ensemble classification techniques

- Trained a Hybrid model using voting classifier
- Select the estimators using **Permutations & Combinations** (Code)
- Increased the accuracy

Deep Neural Networks Based Recognition of Plant Diseases by Leaf Image Classification

- Trained a model usinig Deep Neural Networks
- PlantVillage Dataset - Kagalle

Emotion Detection using Convolutional Neural Networks

- Trained a model usinig Convolutional Neural Networks

MECHANICAL PROJECTS

Underwater Robot Design (International competition)

- Came up with a new design and model, using SOLIDWORKS
- Fabricated the design and tested
- Selected for Final round in Singapore
- Blog link
- Video link

6-DOF Robot Arm Design - (Individual project)

- Came up with a new design and model, using SOLIDWORKS
- Design of an innovative Geared system
- Fabrication of the design (Prototype)

Industrial Project on Automation of a Milling Machine (Zenith Engineering)

- Came up with a new solution for automate the Rotary table
- Designed a PCB for Circuit
- Stepper motor controlling
- Designed a controller Unit
- Blog link
- Video link

Cement Wall Plastering Machine Design - (Group Project)

- Came up with a new design and model, using SOLIDWORKS
- New Mechanical concept for cement plastering
- Fabricated the design(Prototype)

EXTRACURRICULAR ACTIVITIES

- **I was a team member (PERA_AUV) of Asia's Largest** Underwater Challenge, **(SAUVC'20) International Competition in Singapore**

Selected for final round in Singapore (Final round was canceled due to COVID-19).

- **Member of University Hockey team**

Winners of Mora seven's in 2018 and runners up of Pera Sixes in 2018.
Have achieved **university colors** in hockey.

- **Committee member of Mechanical Engineering Society (MES) University of Peradeniya**

For academic years 2017/18.

- **Member of school Cricket team Under 15 in 2008.**

- **I was a former member of University Karate Team**

In inter faculty fresher's meet won the second place in 2015.

- **Flutist of Art Circle society in Engineering Faculty.**
