PROJECTS

Intelligent Candidate Ranking System By Analyzing Resumes And LinkedIn Profiles

Final year research project | ongoing

The project is to develop a convenient and efficient solution for the benefit of recruiters by analyzing resumes and LinkedIn profiles which can aid the candidate ranking process.

Research areas:-

- Preprocess resume data according to the system.
- Extract resume and LinkedIn profile data using NLP and ML techniques.

Technologies | Python, NLTK, Scrapy, Scikit-learn, MySQL, MongoDB, Django, Elasticsearch DSL

Leave Approval Management And Inventory Management System

Second-year software project | 2020

This project contains two web applications. These applications are for leave approval purposes for non-academic staff members and for monitoring and managing the Department of Information Technology inventories.

Technologies | ReactJS, Spring Boot, MySQL

Hotel Management System-Hotel Sobana Udawalwa

2021

Our main goal for this project was to replace all manual management with a fully automated online management system. This system contains functions such as customer reservation, front-office management, inventory management, room management, food management, employee
management, hall management, and bar management.

Technologies | React Js, Node Js, MongoDB, Express

Kandyan Energy Website & Admin Panel

2021-2022

This project contains two parts including the website and admin panel. On this website, customers can view the solar panel details and request a suitable power plan and the system will generate the plan as a pdf according to the customer's power plan requirements and send it to the email. The admin can view, add and update power plan details.

Technologies | React Js, Node Js, MongoDB, Express

EXTRACURRICULAR ACTIVITY

- Vice President-Health and Safety Committee, Mora Hiking Club
- Jersey holder(fellowship member) of Mora Hiking Club
- Co-Director of Environmental Services, Rotaract Alumni Mora
- Former Co-Director-IT at IEEE University of Moratuwa Student Branch(2019-2020)
- Volunteer at Rotaract Club, University of Moratuwa (2019-2020)
- Volunteer at IEEE Student Branch, University of Moratuwa (2019-2020)
- Company coordinator of "Are You Ready-2019"
