HARSHAKA **HERATH**

STUDENT INTERN - SOFTWARE ENGINEER (UNDERGRADUATE)

ABOUT ME

As a 3rd-year undergraduate pursuing a BSc (Hons) in Information Technology specializing in Information Technology at SLIIT, I am a proactive learner with a strong analytical mindset. I am passionate about designing and developing efficient software solutions, solving complex technical challenges, and collaborating effectively in teams to build innovative applications. I thrive in dynamic environments and continuously seek opportunities to enhance my programming skills, problem-solving abilities, and software development expertise.

ACADEMIC QUALIFICATION

Sri Lanka Institute of Information Technology (SLIIT)
Kandy | Colombo | 3rd Year
Faculty Of Computing
Information Technology

Dharmaraja College
Kandy| 2021
Advance Level - Commerce Stream

Sri Chandananda Buddhist College
Kandy| 2018
Ordinary Level

PROJECTS

Online Laundry Management System

The application was developed as a project for 1st Year 2nd semester which included attractive insight on employee friendly.
My Contribution: **Cart Management**
Technologies used: **JavaScript, PHP, HTML, CSS MySQL**

Online Hotel Reservation System

The application was developed as a project for 2nd Year 1st semester which included attractive insight on employee friendly.
My Contribution: **Booking Management**
Technologies used: **Java, JavaScript, HTML, CSS, MySQL Workbench**

TOOLS

GitHub
Git
VS Code
Postman
IntelliJ IDEA
Android Studio
Figma
RStudio
MySQL Workbench
XAMPP
Power BI
Azure Board
Selenium
SonarQube
Eclipse
MS Office

SKILLS

OOP Concepts
Data Structures and Algorithm
Design Patterns
Creative Thinking
Decision Making
Communication Skills
Teamwork
Problem Solving
Leadership

CERTIFICATES

- Python for Beginners E-Certificate - **University of Moratuwa**
- Responsible AI: Applying AI Principles with Google Cloud - **Google Cloud Skills Boost**
- Power BI for Beginners - **Simplilearn**
- Introduction to UI/UX Design - **Alison**

Online Glass Inventory Management System

The application was developed as a project for 2nd Year 2nd semester which included attractive insight on employee friendly.
My Contribution: **Maintenance and Repair**
Technologies used: **MERN Stack, HTML, CSS**

Task App

Developed a mobile application using Kotlin in Android Studio for managing tasks. Implemented features such as adding, editing, deleting, and searching notes with data stored locally using Shared Preferences.

Online Food Donation System

The application was developed as a project for 3rd Year 1st semester which included attractive insight on employee friendly.
My Contribution: **Food Donation Submission Management**
Technologies used: **MERN Stack, HTML, CSS**

Cooking Skill Sharing Platform

The application was developed as a project for 3rd Year 1st semester which included attractive insight on employee friendly.
My Contribution: **User Interactivity & Engagement**
Technologies used: **Java (SpringBoot), React js, HTMl, CSS**

Mini Blog Shopping Cart

The application was developed as a project which included attractive insight on employee friendly.
Technologies used: **JavaScript, PHP, HTML, CSS, MySQL**
