

Harshan Pradeep

Undergraduate In Software Technology

As a software Technology undergraduate from the University of Sri Jayewardenepura, I have a strong background in software development and a proven track record of adapting to new technology quickly while delivering high-quality work within tight deadlines. My problem-solving skills, effective communication, and collaborative approach have been instrumental in driving project success. My focus is on delivering innovative and efficient software solutions that meet clients' needs, and I am committed to staying up-to-date with the latest industry trends and best practices.
