

HASINDU SITHMIN

ASSOCIATE SOFTWARE ENGINEER

PROFILE

I'm Hasindu, I am a self driven, self motivated and enthusiastic individual with a passion for software development. I have a fundamental understanding of various software engineering concepts and have gained project-based knowledge through various hands-on experiences. I am always looking for new challenges and opportunities to grow, and I believe that my skills and experience make me an excellent candidate for any project. If you're looking for someone who is self-motivated, a team player, and a skilled problem solver, then look no further than me.
