ABOUT ME

I am passionate about developing fullstack web applications and also more satisfied if I could add some AI to make it more robust. Love to share my knowledge with others and to learn from them.

EDUCATION

B.Sc (Hons) In Computer Engineering
University of Jaffna *(2018 - Present)*

Current GPA - 3.35

WORK EXPERIENCE

Trainee Engineering Assistant

3S Fabricarions (Pvt) Ltd (Engineering Department)
September 2017 - June 2018 (9 months)

- Design Engineering drawings using Solidworks
- Participated for daily audits and inspections
- Collaborative work with engineering team

ACHIEVEMENTS

IEEEXtreme 15.0 2021 Hackathon
Sri Lanka rank 47 — Problem solving, Critical thinking

Axiata Digital Labs AI Hackathon - 2021
Asia rank 58 — Big data handling

Robotricks'21 Line following robot competition by RAS UOP
Top 10 Robots — Design, Error handling

PROJECTS

Dos Attack Detection Under QUIC Protocol Using Machine Learning

QUIC is the emerging transport layer protocol. I am doing my research to design ML model to detect DoS attacks under QUIC protocol.

Research Project

Academic Calendar Management System for Faculty

Full-stack application using **Next.js**, **MongoDB** and **MS Power Automate** to automate emails and notifications

github.com/IsuruAkalanka/academic_calendar

AI Chatbot for Faculty Website

Full-stack application using **Django** backend with **ML model** and **React** frontend which can answer common questions about faculty

github.com/IsuruAkalanka/AI_chatbot_EC9640

Simple Home Automation System

Embedded design using **ATMega328** MCU, **HC-06**, DHT Sensor, and RTC module. Ability to set timers, temp, and humidity parameters to control home appliances. **Python** GUI app in **PyQT** to set settings using **Bluetooth**

github.com/IsuruAkalanka/home-automation-embedded

SKILLS

Languages / Web suit

JAVA, JS/TS, Python, Rust, HTML, CSS

Databases

MySQL, MongoDB

Runtimes, Frameworks and Libraries

Node.js, Django, React, Tailwind, PyQT

Soft Skills

- Teamwork
- Flexibility
- Effective communication
- Responsible

VOLUNTEER WORKS

President
Computer Engineering Society University of Jaffna
(September 2022 - Present)

Assistant Secretary
IEEE RAS Student Chapter University of Jaffna
(June 2021 - June 2022)

REFEREES

Dr. A. Kaneswaran
Department head Computer Engineering, UOJ
kanes@eng.jfn.ac.lk
+94-77-204-2863

Ms. B. Yaalini
Lecturer (Probationary) Computer Engineering, UOJ
yaalini@eng.jfn.ac.lk
