English

PROFILE

I am currently pursuing a BSc Hons. in IT (Data Science) at SLTC Research University and seeking an internship or temporary job. As a fast learner with strong analytical and management skills, I'm eager to gain hands-on experience in my field, further develop my abilities, and contribute to meaningful projects. I'm particularly interested in this role to expand my network and learn from experienced professionals, which will be invaluable for my career.

WORK EXPERIENCE

Data Entry

SproutGigs 2021

- I have experience in data entry as a freelancer on SproutGigs.com for 5 months.

HiveMicro 2021

- I have experience in data entry as a freelancer on HiveMicro.com for 3 month.

PROJECTS

- Driver Safety Guard: Enhancing Road Safety with AI.
- Criminal Management System (CMS).
- Developing and maintaining SaaS applications.
- Create research project for Network topology.
- Automated Parking Management System.
- Coins Deduction System Using YOLOv8.
- Smart Fan Control Using Image Processing.

RESEARCH AND RESEARCH INTERESTS

- Completed the research Investigating the Impact of 5G Technology on Rural Broadband Access in Sri Lanka. (2023)
- Completed the research Exploring the Potential of Wireless Sensor Networks for Environmental Monitoring in Sri Lanka. (2023)
- Completed the research Data Warehouse/Data lake Case Study

PROFESSIONAL TRAINING AND QUALIFICATIONS

- Google Project Management - Google
- Introduction to Data Science - IBM
- Google Data Analytics - Google
- Foundations of Project Management - Google
- Data Analysis and Visualization Foundations - IBM
