- Sinhala
- English

HOBBIES

- Watching Movie.
- Searching for technical updates in the world.
- Traveling.

MANJANA ALOKA

SUMMARY

I am currently studying Multimedia and web technology at the University of Vocational Technology. My passion is to develop software that amazes people. My hope is to someday be a software engineer helping out a company developing new products as a developer. Also, I have a great desire to take the country's name to the world.
