ABOUT ME

I am dedicated to utilizing my expertise in technology to make a positive impact on society by working on projects that improve people's lives. I have over 12 years of experience in software development, with a diverse background of working in multicultural environments such as the UK and Sri Lanka. My skill set encompasses both backend and frontend programming, product management, user research, project specification, and post-launch support processes in web and Windows application development.

SKILLS

ASP.NET, MVC, C#.NET, NET Core	SQL Server	Teamwork
Windows Application C#	PostgreSQL	Communication
JavaScript, TypeScript, React.js	Oracle	Agile
HTML, CSS	MySQL	Git, SVN
Tailwind	Crystal Report
