SOFTWARE ENGINEERING UNDERGRADUATE

A highly motivated and detail-oriented software engineering undergraduate, passionate about software development and eager to contribute to impactful projects. Equipped with strong technical skills and a solid foundation in modern development frameworks. Experienced in collaborating within diverse teams during university and society initiatives, fostering excellent communication, teamwork, and critical thinking abilities. Actively seeking an internship to further enhance my skills and gain practical industry experience. Dedicated to continuous learning and innovation in software engineering.

EDUCATION

Open University of Sri Lanka — Nawala, Sri Lanka
Bachelor of Software Engineering (Hons) — Jan 2023 – Dec 2026

TECHNICAL SKILLS

Experience in

SQL, Java, JavaScript, Python, C++, React JS, Node JS, Express JS, API(RESTful), HTML, CSS

Familiar with

QT, PHP, Google Cloud Platform, AWS, WordPress, TypeScript, C#, Go, Graphql

Academic Knowledge

Data Structures & Algorithms, Database Concepts, OOP/OOD Concepts, SOLID Principles, UI/UX Design Principles, DevOps

Software and Technologies

Methodologies	: Agile
Platforms	: Windows, Linux (Basic)
Other	: Git Hub, Net Beans, Intelli J IDEA, VS Code, Visual Studio, Jira

PROJECT EXPERIANCE

Web Application

Time Schedule Management System for University (For OUSL)

- Technologies: MERN Stack

Mobile Application

E-Commerce Platform

- Technologies: Java, Firebase

Desktop Application

Personal Assistant

- Technologies: Python
- GPT Models: gpt4all – Falcon Q04, Whisper (pre trained voice model)
- Functionalities: Real Time response to voice commands, Desktop Application handling (Compatible with windows OS)

Extra-Curricular Activities

Volunteer at Software Engineering Society of OUSL Since 2024

PUBLICATIONS

Blogs

- IOT Technologies And Arduino – Technical Blog (Medium Publishing Platform)
