SKILLS SUMMARY

Programming Languages
- Java, C, TypeScript

Databases
- MySQL, Firebase, Redis

Mobile Application Development
- Android, React-Native

Web Development
- PHP, HTML, CSS, SCSS, Javascript, Angular

Version Control
- Git

Operating Systems
- Windows, Linux, Fedora

Tech Stack
- Java EE (Servlet, JPA[Hibernate], JSONP, JSONB)
- Java SE (JDBC, IO, NIO, Logging, Reflection API), JUnit
- Tomcat
- Native Hibernate
- Maven, Gradle
- Lombok
- JQuery, Bootstrap

SANDUNI NAGODAGE

ASSOCIATE SOFTWARE ENGINEER

ABOUT ME

Upon graduation from the University of Colombo School of Computing, I pursued a degree in computer science. I'm especially interested in software development and I'm devoted to learning it. In addition, I participated in IJSE's Software Engineering - Trainee program, which have helped me enhance my coding skills and technical knowledge.

WORK EXPERIENCE

IJSE- Institute of Software Engineering
Software Engineering - Trainee 2022-June | 2022 Dec

Library Management System
- Project outline - An application for managing a library's memberships, books, returns, and issue notes.
- Technologies - Java, Angular, MySQL, Lombok, JUnit
- Project Responsibility - Web app UI development and backend functions development.

Simple ORM Framework
- Project outline - Framework for mapping object-oriented domain models to relational databases using Java annotations and Reflection APIs.
- Technologies - Java Reflection API, Annotation
- Project Responsibility - Create a simple framework using Reflection API.

POS
- Project outline - A helpful POS system that provides relevant information for the small business owner.
- Technologies - Angular, java, SCSS, Lombok, Native Hibernate
- Project Responsibility - Web app UI development and backend functions development.

Group Project| 2019

shop-assist
- Project outline - A platform for supermarkets to increase their sales, and for customers to conveniently shop in supermarkets.
- Technologies - Angular, Ionic, Typescript, SASS, HTML, Firebase
- Actively participated in dashboard development using Angular.

INTERPERSONAL SKILLS

- Active listening
- Teamwork
- Responsibility
- Dependability
- Leadership

PROFESSIONAL INTERESTS

- Mobile Application Development
- Problem Solving
- Web Development

INVOLVEMENT

- Member of Exploration Club of University of Colombo 2019-Present
- Senior Prefect 2013 - 2015 Narandeniya National School

NON-RELATED REFEREES

- Dr. Samantha Mathara Arachchi Senior Lecturer - University of Colombo School of Computing (0773515017, ssp@ucsc.cmb.ac.lk)

- Mr. Prasad Waduge - CEO / Senior Lecturer Institute of Software Engineerimg (0772252985, prasad@ijse.lk)

Group Project| 2020

STROEX

- Project outline - This application is designed to store transfer details between warehouses for a biscuit company.
- Technologies - React JS, Redux, React-Native, Firebase
- Actively participate in Warehouse Clark mobile application UI designing and back-end functionalities development.

Student Management System

Individual Project| 2021

- Project outline - This system can handle all the details about a student. The details include students' personal details, teachers' personal details, and Academic details.
- Technologies - PHP, MySQL, HTML, CSS, Javascript
- Developed system functionalities - student registration function, login/logout function, student marks addiction function, and the function of publishing an announcement

Chat App

Individual Project

- Project outline - Simple chat application that works on every IOS and Android device.
- Technologies - React-Native, Firebase, Expo CLI
- Project Responsibility - Mobile app UI development and backend functions development.

EDUCATIONAL HISTORY

University of Colombo School of Computing

Undergraduate in Computer Science | 2018- Present

Narandeniya National School, Kamburupitiya

General Certification of Education, Advanced Level in Mathematics | 2016

Z-Score - 1.631

PROFESSIONAL QUALIFICATIONS

Comprehensive Master Java Developer (CMJD)

Institute of java and Software Engineering | SEP 2019-APR 2020

Advanced Multimedia Web Design & Development Techniques (ADMTC)

Advanced Multimedia Web Design & Development Techniques (ADMTC)

Object Oriented Java Programming: Data Structures and Beyond

Online course authorized by University of California San Diego offered through coursera July - 2020 Present

Front-End JavaScript Frameworks: Angular

The Hong Kong University of Science and Technology offered through coursera July - 2020 Present
