- Postman

Education

Bsc.(Hons) Computing (Reading) Coventry University UK (NIBM, Sri Lanka) *2023 - Present*

Higher National Diploma in Software Engineering (GPA 3.85) NIBM, Sri Lanka *2022 - 2023*

Diploma in Software Engineering (GPA 3.72) NIBM, Sri Lanka *2020 - 2021*

Work Experience

Trainee Software Engineer - Excelly Labs (Pvt)Ltd. (Norway-Sri Lanka) *02/2023 - 08/2023*

- I'm actively involved in the "Horizon" project. In this role, I handle both frontend and backend tasks.
- On the backend, I successfully implemented a feature for receiving emails to multiple recipients.
- On the frontend, I played a crucial role in crafting the main web dashboard, creating a scheduler job list, and developing a comprehensive CRUD system for debt collection using Angular.
- I contributed to the project's UI/UX by designing interfaces for scheduler job operations, debtcollection CRUD, and the main dashboard.

Skills: Angular, .NET Web API, Microservice Archtecture, CQRS with clean Architecture,RabbitMq, gRPC, Figma
